WORK EXPERIENCE

Quantified Energy Labs

Jun 2022 - July 2022

- Startup company in Singapore that specialized in photovoltaics analysis
- I worked as a senior developer - created, planned, and developed future website, client dashboard, and solar field mapping UI
- Job only lasted for 2 months due to some visa problems
- Person of reference as proof: Mr. Yong Sheng Khoo - <https://www.linkedin.com/in/yongshengkhoo/>

Bytedance Pte. Ltd.

Apr 2021 - Oct 2021

- Worked as an intern in an IT company in Singapore that specializes in video sharing and social networking apps
- I learned modern web technologies such as: Vue.js, Svelte, Bootstrap, jQuery, Tailwind, GitLab, TypeScript and Figma
- I created UI components and assisted senior developers and designers create new and redesign existing ones
